EDUCATION

KIT-Kalaignarkaranidhi Institute of Technology, Coimbatore - Tamilnadu, India

2023 – 2027

B.E. Electronic and Communication Engineering, Pre-Final year

Current **CGPA: 8.63/10.0**

Coursework: Object Oriented Programming Language, Database Management Systems

EXPERIENCE

Implant Training – Web Development | Code bind Technologies, Coimbatore

Dec |2024

- Designed user-centric interfaces using Figma, focusing on wire framing, prototyping, and visual consistency.
- Collaborated with designers to improve user experience, layout clarity, and usability across web interfaces.
- Gained practical exposure to UI principles, design thinking, and responsive layouts.

Internship – UI/UX Design | Litz Tech, Coimbatore

May |2025

- Developed a responsive website using HTML, CSS, and JavaScript, ensuring cross-device compatibility.
- Improved website performance, structure, and visual consistency through clean coding practices.
- Strengthened understanding of frontend development workflows and real-time project execution.

PROJECTS

Student Placement Portal | Web Application |HTML| CSS| JavaScript|

- Designed and developed an all-in-one placement preparation platform featuring Aptitude, Coding Practice, Quick Quizzes, Resume Tips, and Interview Guidance modules.
- Implemented interactive and dynamic functionalities using JavaScript to enhance user engagement and self-assessment.
- Created a responsive, clean, and intuitive UI using HTML and CSS for seamless navigation across devices.
- Improved hands-on expertise in frontend development, DOM manipulation, and logical problem-solving.

Udhayam Fest 2025 – College Event Website (HTML, CSS)

- Designed and developed a static college event website to showcase fest details, schedules, and announcements in a structured manner.
- Created a visually appealing and well-organized layout using HTML and CSS for clear information flow.

IOT-Based ICU Patient Monitoring System

- Developed an IOT system to track vital signs in real time.
- Enabled remote monitoring with alerts for critical conditions.
- Presented at an IEEE-supported International Conference.

TECHNICALSKILLS

Languages : Java , JavaScript

Web Technologies: HTML , CSS.

Concepts: DSA , OOPS ,DBMS

Tools: Git , GitHub , VS Code , IntelliJ

Databases : MySQL.

Leetcode:Maxrating-**1448**|Solvedproblems:**100+**|Top: **85.76%**globally| Global Rank:**703288**.

Codeforces:Maxrating-**1044**|Division: **division 2**|Rank: **10560**.

Codechef:Maxrating-**1227**|Position:**4** Star|Problems:**74** | Global Rank:**93170**.

ACHIEVEMENTS

- Selected through two online screening rounds and advanced to the final on-campus round at PPG College recruitment process.
- IEEE-published author** for a research paper on IoT-Based ICU Patient Monitoring System.
- Qualified for the final round of the Cybrathon Hackathon, Jaipur after clearing multiple competitive selection rounds.
- Successfully participated in the 24-hour Code Smash 1.0 Hackathon, completing the challenge within the given time.
- Completed all hands-on projects during the 7-day Vibe Coding Master Class Workshop, gaining practical coding experience.

VOLUNTEERING

- Represented our college at CODISIA, by impressing 5,000+ attendees through strong communication and leadership skills
- Successfully managed and coordinated Udhayam, a large-scale event with over 3,000 participants.
- Organized and coordinated the award ceremony Celebration of Excellence, managing 1,000+ school staff.
